Cancer Control & Population Health Seminar

Join us for a CCPH meeting and seminar. Programmatic updates and news will be followed by:

**Building Capacity for Engaged Health Research: An Introduction to PCORI and Engagement Practices for Researchers and Clinicians**

**Denese Neu, PhD**, Engagement Officer (EO) at the Patient-Centered Outcomes Research Institute (PCORI): With experience focusing on the intersection of social policy, health, and community and economic development, Dr. Neu manages PCORI’s research portfolio, supporting research teams throughout the course of their projects.

**Jamie Zoellner, PhD, RDN**, Associate Professor of Public Health Sciences at UVA: A registered dietician and Associate Director of the Cancer Center Without Walls, Dr. Zoellner works to expand the Cancer Center’s community-based research program in Southwest and Southside Virginia. She will share lessons learned by her team’s current PCORI contracts.

April 24, 12:00-1:30pm: BIMS Classroom, 1023 McKim Hall
Optional Q & A follows at 1:30-2:00pm - Lunch provided
